[linkedin.com/in/lian-khek](https://www.linkedin.com/in/lian-khek)

Full-Stack Developer skilled in Python, Java, C++, and Linux systems. Focused on creating efficient, user-friendly applications with expertise in front-end and back-end development. Proficient in server-side programming and web technologies. Ready to apply my skills in dynamic environments to deliver innovative solutions.

AREA OF EXPERTISE

- Python Programming
- Java Development
- C++ Programming
- Linux Administration
- Front-End Development (HTML, CSS, JavaScript)
- Server-Side Programming (Node.js, Express, SQL, MongoDB)

KEY ACHIEVEMENTS

- **Web Development:** Built and launched web apps like a portfolio website, to-do list manager, recipe organizer, and movie API. Demonstrates full-stack skills; projects are on GitHub.
- **Programming Labs:** Completed labs and projects in Python, Java, and C++, mastering object-oriented programming, recursion, memory management, and exception handling.
- **Linux Systems:** Gained hands-on experience with UNIX/Linux, mastering command-line operations, file management, software installation, and shell scripting. Ready for LPI Linux Essentials certification.

PROFESSIONAL EXPERIENCE

Tulsa Community College | Programming Labs & Projects

- **Python:** Developed apps like a cooking measurement converter, service invoice generator, and soccer team roster, focusing on core programming concepts.
- **Java:** Created Java apps such as a phone directory, text message decoder, and artwork label manager, using advanced object-oriented techniques.
- **C++:** Built C++ apps, including a right triangle drawer, vector reversal program, and income tax form processor, focusing on object-oriented design and template programming.

Independent Projects | GitHub Portfolio

- **Web Development:** Created responsive, accessible websites using HTML, CSS, and JavaScript. Used advanced CSS and JavaScript, including jQuery.
- **Server-Side:** Developed scalable server-side apps with Node.js, Express, and MongoDB. Built secure RESTful APIs and user authentication systems.

EDUCATION

University of Illinois Springfield

Master's in Computer Science

Jun 2024 - Present

Tulsa Community College

Associate in Information Systems

Jun 2022 - May 2024

Spring 2023: Dean's Honor Roll

Fall 2023: Dean's Honor Roll

Summer 2023: TCC Honor Roll

Spring 2024: President's Honor Roll

ADDITIONAL INFORMATION

- **Languages:** Zomi, Burmese, English
- **Projects:** Portfolio website, to-do list manager, recipe organizer, movie API (available on GitHub).
- **Community Services:** FGAIM (Media team), Zomi Refugee Committee (Immigration and Community Services Coordinator)
